MORRILL ENCOUNTERS BIG STORM; STALLED

R. B. Morrill, president and general manager of the Morrill Silver Mining company, which recently took over the old Silverpick mine on Lone mountain, has been undergoing an experience during the past three days. He will linger in his memory for a long period. Mr. Morrill driving his own car, and accompanied by a man driving a truck, left Los Angeles three weeks ago for Tonopah. He encountered the big storm and finally got wedged in at Bishop, or near Bishop, where his car and truck became mired. Since then he has been holding forth in that town awaiting the opportunity to leave, and latest advices are to the effect that he expects to arrive in Tonopah within the next couple of days.

ORE FROM CROW IS WORTH \$238 A TON

The three-ton shipment of ore made from the Sol Camp lease on the Crow vein of the Hudson Mining company at Royston brought a settlement of 234 ounces silver and \$4 gold a ton. This ore was extracted from an open cut at a depth of 6 feet, and while picked samples showed values running as high as 1000 ounces silver a ton, the average contents were up to expectations. Sinking is now in progress, and the outlook is promising for a substantial tonnage of ore being mined during the next few weeks. There is every reason to believe that the ore show will be found extending downward for a considerable distance, and to that end the shaft will be given a lift of 50 feet before any drifting to speak of, will be performed.

ROYSTON STILL BUSY CAMP AND LEASERS HAPPY

While it would appear to the average person that there has been a lull in development at the new camp of Royston, situated 25 miles north of Tonopah, such is not the case by any means, but on the other hand, the quietness that is apparently prevailing has been occasioned as a result of the recent storms and the bad condition of the roads. As a matter of fact, there is a great deal of activity in the new silver fields, and well planned campaigns of mine construction are being prosecuted by both the Hudson Mining company, and the Super Six Mining company, not to mention the work that is being carried forward by the various leaseholders.

Benjamin Franklin Hettis, Harry Cunningham, George Box and C. Y. Cox, who hold privileges on the Hudson lease claim of the Hudson Mining company, are preparing another shipment that will be sent out during the course of the next few days or two weeks. This ore is being extracted from the level at the all-out point of the decline shaft workings, and returns exceeding \$100 a ton are anticipated. Mr. Hettis, who has been vacationing in Tonopah since the recent heavy storms that visited southern Nevada, says that reports from the seat of operations are to the effect that the showing is fully up to expectations, and that a substantial earnings are secured for an indefinite period.

This lease has made a production of over 220,000 net to the company and buyers within a period of four months, which is a record that is worthy of consideration for any new district. That it will continue to surrender liberally of good-grade ore is not questioned by the best informed mining men, although it is not expected that the values will continue to remain as rich as that found in the ore at what might be termed surface workings.

Sinking of the decline shaft on the Hudson property, which has a depth of 320 feet, is going steadily forward. The machinery has been found to be in good condition and the drop should be made at an average rate of from 2 to 4 feet each day.

The Super Six Mining company is prosecuting a well defined campaign of exploration, and work is being prosecuted through two shafts on company account. In addition to this, several sets of leasers are at work on the Price claim.

UNEMPLOYMENT SHOWING SOME INCREASE HERE

(By Associated Press) SAN FRANCISCO, Cal., Feb. 15.—Slight increases in unemployment are reported in Oregon, Washington and California. J. A. Kelly, acting district director of the employment division of the United States department of labor, declared in his monthly report issued here today. These increases, he said, are due chiefly to reaction usually following the holiday period.

ELKS' HOP TONIGHT

The social attraction in Tonopah on tonight will be the dance to be given by the Tonopah lodge of Elks at their home. Many outside visitors are expected to be present, and it is assured that the Elks and their friends in numbers will be in attendance from Tonopah.

CHINA FORGOT TO SEND NEWS TO GOVERNOR

(By Associated Press) PEKING, Feb. 15.—Some few days after the change in the Chinese cabinet resulting in the installation of Wang Shih-chi as premier, an urgent telegram was received by the central government from General Yuan Hsi-shan, civil governor of Shansi, requesting information about rumored changes in the cabinet. It seemed that Peking had failed to inform the provincial government of what was happening and he had received no notification of the resignation of the old premier or of the appointment of the new one; and was consequently much incensed to learn that there had been a complete change in the cabinet. The central government was much embarrassed at its carelessness but could do nothing other than inform the inquiring governor of what had happened and apologize for their negligence in failing to keep him properly informed of Peking politics.

AMUSEMENTS

ALICE LAKE FEATURE AT THE BUTLER TODAY

"The Hole in the Wall," Fred Jackson's melodrama, which gave Broadway a lot of unexpected thrills several seasons ago, has been made into a picture with Alice Lake as the star, and will be shown at the Butler today. "The Hole in the Wall" is a story of the underworld, the spirit world and the society world.

It concerns itself with the adventures of John Oliver, daughter of a Boston banker, who flows to New York in disguise owing to her father's death after an embitterment.

She obtains a position as society secretary to the wealthy Mrs. Ramsey, whose son becomes infatuated with her. Mrs. Ramsey, in turn, plants jewelry in the girl's trunk and her father is arrested for theft.

When the truth is revealed, she is freed and when her term is ended, accepts their offer to go to California.

After a long spiritual medium in existence for their development to help up the themselves, and to help up the themselves, and to help up the themselves.

It is a story of the underworld, the spirit world and the society world.

NURSES LABOR FOR A SONG IN MOSCOW CITY

(By Associated Press) LONDON, Feb. 15.—The monthly salary of a nurse in the municipal hospital in Moscow is less than the cost of a cup of soup in that city.

This striking example of the disproportion between wages and the cost of living in the Russian capital, is disclosed in a report just made by a special commission sent to Russia by the health committee of the league of nations.

The commission says that a cake of soap in Moscow cost 8500 rubles, while nurses in the city hospital were paid only 5000 rubles a month and that they had to be content with very scanty food.

LOWEST PRICES IN TOWN
